Description :

PDF-5ca9f | Doing research can make all the difference between a great design and a good design. By engaging in competitive intelligence, customer profiling, color and trend forecasting, etc., designers are able to bring something to the table that reflects a commercial value for the client beyond a well-crafted logo or brochure. Although scientific and analytical in nature, research is the basis of all good ... *A Designer's Research Manual: Succeed in Design by Knowing Your Clients and What They Really Need (Design Field Guide)*
