Description :

PDF-61559 | When one thinks of women in the Middle Ages, the images that often come to mind are those of damsels in distress, mystics in convents, female laborers in the field, and even women of ill repute. In reality, however, medieval conceptions of womanhood were multifaceted, and women's roles were varied and nuanced. Female stereotypes existed in the medieval world, but so too did women of power and in... *Illuminating Women in the Medieval World*
