Description :

PDF-f2a05 | The photographer Berenice Abbott once mused, "How shall the two-dimensional print in black-and-white suggest the flux of activity of the metropolis, the interaction of human beings and solid architectural constructions, all impinging upon each other in time?" Picturing New York presents a myriad of answers to this question. Depicting both the iconic New York that captivates the world's imagination... *Picturing New York: Photographs from The Museum of Modern Art*
